CHINA SITUATION SERIOUS.

Vienna, Jan. 28.—A serious view is taken in diplomatic circles here of the situation in China. The Neue Welle Presse thinks that other powers will follow the example of France and send warships to protect their subjects.

The Austro-Hungarian cruiser Con- ta will arrive at Hongkong in a few days and will be at the disposal of the Austro-Hungarian Minister, Baron Czikaun de Wahlborn, at Pekin.

Pekin, Jan. 28.—The latest move of the Empress Dowager appears to be accepted by both officials and people with the greatest equanimity. None of the high officials, either metropolitan or provincial, seem to have thought it worth while even to enter a protest.

The prevailing impression among all classes of Chinese seems to be that in order to consolidate her power, the Empress Dowager must at all costs effect the removal of the present Emperor. Having now felt the pulse of the country and having found the Emperor's party unprepared to rally to his protection, it is likely that the Empress Dowager is preparing for a still more striking move with the advent of the Chinese new year.

Boers Move Next.

London, Jan. 31.—The British public seems to have lost confidence in General Buller. The next big news is expected to be furnished by the Boers. They have doubled their energy in the siege of Kimberley and may be expected to close in on Ladysmith.

There is no sign, except the anxiety of the British Cabinet, that any hostile demonstration against England is contemplated. Russia and France are sure to take advantage of England's helplessness by grabbing territory in Asia, but the Czar is living up to his reputation as the foe of war.
